

What You Need to Know about Overdrafts and Overdraft Fees

An **overdraft** occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have **standard overdraft services** that come with your account.
2. We also offer **overdraft protection plans**, such as a link to a **savings account, credit card account, or overdraft line of credit**, which may be less expensive than our standard overdraft practices. To learn more, ask us about these plans. This notice explains our **standard overdraft services**.

What are the standard overdraft services that come with my account?

We **do** authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We **do not** authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions
- Everyday Check/Debit Card transactions

We pay overdrafts at our discretion, which means we **do not guarantee** that we will always authorize and pay any type of transaction. If we **do not** authorize and pay an overdraft, your transaction will be declined.

What fees will I be charged if Point Breeze Credit Union pays overdrafts on my ATM and everyday Check/Debit Card transactions?

Under our standard overdraft practices:

- We will charge you a fee of up to \$31 each time we pay an overdraft.
- There is **no limit** on the total fees we can charge you for overdrawing your account.
